

061719

I, F.X. O'Connor, Jr have associated with Todd Christensen from Money Fit since 2016 in my role as a Vocational Instructor for Centennial Job Corps. Todd has facilitated several classroom presentations for our young adult students and has been our graduation keynote speaker twice.

From my experience, I can say that his presentation style is energetic and very motivating for our student body.

His workshops here were entitled:

- My Life My Choices
- Spending by Color
- Budgeting for Life

Todd really hit home in the students minds and hearts as they begin transitioning into adult life with real time financial responsibilities and life adventures.

Unfortunately, our state politicians have decided to close out or program, or we would otherwise look forward to hosting Todd again in the future. Todd's presentations would be most beneficial for any young adult audience and he comes highly recommended from me, F.X. O'Connor, Jr, Vocational Development Specialist.

Sincerely,

F.X. O'Connor, Jr
